Architectural Interiors

**Chubb** is the largest publicly traded property insurance and casualty insurer in the world.

- ▲ As part of a recent refurbishment project at their London headquarters, **Chubb** selected **LX BENIF Interior Film** supplied by leading surface material distributor **spAce Architectural Interiors**, as the preferred material to help transform a large number of flush office doors, architraves, splash backs and washroom paneling which had become dated.

Specialist contractors **WRAPT** chose an **LX BENIF Interior Film Modern Oak** finish to carry out the work over seven floors of the building which is set in the heart of the financial district.

Manufactured by **LX Hausys**, **BENIF** are self-adhesive, architectural films that can be quickly and easily applied to almost any interior surface.

The results of the **Chubb** office refurbishment were not only visually pleasing but also extremely cost effective and practical thanks to **LX BENIF** films low maintenance requirements, longevity of performance and importantly, none of the existing doors, splashbacks and paneling had to be scrapped.

With over 470 **LX BENIF** designs and finishes to choose from, walls, doors, paneling, skirting and architrave can be quickly transformed without the need for costly replacements.

Before...

After...

- ▲ LX BENIF Interior Film was the preferred material.
- ▲ Specialist contractors *WRAPT* carried out the work over seven floors.
- ▲ The results were visually pleasing and cost effective.
- ▲ None of the existing doors, splash backs and paneling were scrapped.
