

CASE STUDY - PROJECT: **Commercial Offices**

▲ Elevators are an expensive investment for any company and in most cases utilised for many years and although much effort is made to stay on trend and timeless, it was the decision for ***Distinct Decorators*** to provide a modern fresh appearance that will service its users unaware it is not a new installation.

Product: LX BENIF self-adhesive interior architectural film
Ref: NW046 Walnut and RS86 White
Locations: Lift interiors and board room door
Purpose: Durable aesthetic wall protection and no down time
Installer: Distinct Decorators
Duration: Installed between levels with no drying or odour

LX BENIF Interior Film is CE and IMO Certified so can be specified with confidence for a wide range of applications.
